Today's Panel

Ken Burgess, Keynote, Department of Homeland Security – Chief Readiness Support Officer, Asset and Logistics, Executive Director

Eric Brown, Department of Homeland Security, Mobile Assets and Personal Property, Director, ALN Senior Fellow

Karen Lopez, Federal Bureau of Investigation – Asset Management, Chief

Albert Green, Immigrations and Customs Enforcement, Asset Management, Chief

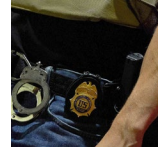

Moshe Nelson, Grant Thornton LLP, Principal, Asset Management Solution Lead and ALN Senior Fellow

The Law Enforcement Asset Management Working Group

Law enforcement asset management retains its own set of challenges, standards, and best practices. As such, the federal law enforcement asset management community requires a forum to collaborate on law enforcement-specific asset management needs and solutions.

Goals and Outcomes of the Working Group

- Support cross-governmental collaboration
- Identify and share best practices
- Identify efficiencies and cost-saving opportunities
- Discuss solutions to law enforcement's specific set of asset management challenges

2019 Asset Management Law Enforcement Symposium

ALN stood up a Joint Steering Committee, comprised of ALN members and federal leaders with expertise in asset management, and held the **2019 Law Enforcement Symposium**.

Symposium covered relevant topics such as:

- Inventory best practices
- Technology of the future
- Telematics and passive and active tracking
- Mission impact and alignment

Attendees included: DHS, ICE, DOJ, ATF, DEA, FBI, and CBP

Keynote Presentation

Ken Burgess, Department of Homeland Security – Chief Readiness Support Officer, Asset and Logistics, Executive Director
